## THREE GIVE NINETY-NINE YEARS TO NORTHWESTERN

### Three Retire From Active Duty

Retiring from active duty at Northwestern State College this semester are Miss Bertha V. Haupt, Assistant Professor of Education and Training School Supervisor, Miss Hope Haupt, Assistant Professor of Art, and Miss Inez Allen, Assistant Professor of English.

These three retiring teachers have rendered a total of 99 years of service to Northwestern State College. To the cause of education in the State of Louisiana, these three have given a total of 18 years.

Miss Bertha V. Haupt, pictured at the left above, came to Northwestern in 1914 after having previously taught 9 years in the public schools of the State. Her work at this institution has been devoted largely to the teaching of second grade and the training of elementary teachers.

Miss Hope Haupt, pictured in the center, came to Northwestern in 1918 after 5 years prior service in the public schools of the State. Her work at this institution has been devoted entirely to the teaching of Art.

Miss Inez Allen, pictured at the right, came to Northwestern in 1922 after having previously taught 5 years in the high schools of the State. The first 13 years of her work at Northwestern was with the Division of Extension and Correspondence study. She then joined the staff of the English department and has served continuously in that department until

forced to resign this year on account of ill health.

A special meeting of Kappa Delta Pi, honorary education fraternity, was held recently at which time Professor A. C. Maddox paid a most fitting tribute to the splendid service rendered this college by these three retiring professors.

It can truly be said of each of them that they have touched and enriched the lives of many thousands of students. They have always given of their time and of their talents without stint, always giving more than the full measure that was required. They have earned and richly deserve a happy and contented retirement.

### Alumni Loan Fund Has Aided Hundreds

The Alumni Loan Fund, commonly known as the Alby L. Smith Loan Fund, which was merged with the Student Body Loan Fund, has helped many hundreds of students to attend and finish their college courses during the years of its existence.

1844 individual loans have been made from this fund totaling, in all, more than \$150,000.

This loan fund was made possible by alumni paying their life membership fees into the Association. For many years, this fee was \$10.00 per member but has been reduced to the amount of \$5.00 per member. According to the records in the Alumni office, 835 persons are life members of the Alumni Association.

Realizing the great value of this

loan fund and the great need for its extension and enlargement, the Board of Directors at a recent meeting, proposed the active enlistment of former students and graduates as life members of the Association, with all funds so derived to be placed in the Loan Fund.

A certificate of Life Membership will be sent to all persons becoming life members of the Alumni Association. Why not send your membership now? A list of all new members will be published each month in the ALUMNI COLUMNS.

### Homecoming Day To Be October 27

The Board of Directors of the N. S. C. Alumni Association at their meeting on April 28, 1951, set the date for the annual Alumni Homecoming Day for Saturday, October 27.

Tentative plans call for a night football game with the Lions of Southeastern Louisiana College of Hammond as guests of the Demons, while the entire day will be set aside for homecoming activities.

The regular alumni luncheon and general meeting of the Alumni Association will be held about noon. This will eliminate the split-second timing for all homecoming events as was necessary last year when all activities preceding the football game, which was played in the afternoon, were crowded into such a short space of time.

## Ex-Student Dies In Korea

Pfc. Thayer N. Pollard, Jr., son of Mr. and Mrs. T. O. Pollard, Sr., of Colfax, died April 24 in Honolulu. T. H., War Department officials have notified his parents.

The telegram with news of his death failed to state the cause of death of the 21-year-old Air Forces man.

Pollard attended Northwestern three and one-half years before enlisting in the Air Forces. He attended grade school at Dry Prong, Tioga, and Pineville, graduating from Haughton High School.

Besides his parents, he is survived by a brother, John E., of Colfax.

## Sports Shorts

Intercollegiate contests have ceased for the season and only intra-mural sports are to be seen on the campus. With the spring semester closing in the next two weeks, intra-murals will also disappear.

The Baseball team had a rather tough season being able to win only 5 or 6 games out of a season in which 26 contests were played. In Conference play the team split games with Louisiana College and Centenary and won one out of four with Louisiana Tech. Against Southwestern, winner of the western division and last year's Gulf States Conference champions, they were unable to score a win.

Roy Gravel was runner-up in Tennis singles at the conference tournament in Hattiesburg, Mississippi, in competition with six other teams. Record for the season for the tennis team was 4 won and 7 lost. They placed fourth in the tournament.

The track team won fifth place in the Gulf States Conference track meet at New Orleans, May 12, without winning a single first place. Loyola dominated the meet, running away from all competition while scoring in excess of 100 points.

Bright spot of the season was the splendid showing made by the Gymnastic team who were not satisfied with repeating as Southern

A. A. U. champions, but went to Dallas and copped the Southwestern A. A. U. title. Outstanding performer on the Gymnastic team was Al Kopp, who, for the second year in a row, was all-round Southern A. A. U. champion. He also copped the title as all-round Southwestern A. A. U. champion.

## Draft Boards Liberalize Deferment For High School Graduates

Under a recent ruling of the Selective Service System, high school graduates of this year are eligible for a 2A classification if, at any time prior to notice of induction, they give the local board written evidence that they have been accepted for admission to a college for the class next commencing.

You can do your high school graduates a great service if you will have them write for admission to Northwestern for either the summer or fall terms. They will receive a letter telling them they have been accepted for admission. Have them file this letter with their local board. Enter school this fall semester, if too late to come for the summer. Join ROTC if they wish to finish their degree before going into service as a commissioned officer. Instructions will be given after they have enrolled.

This All-American selection is selected by the National Association of Intercollegiate Basketball on the basis of season's record as individual and team players and is not a tournament selection.

McConathy of NSC and Tom Bishop of Mississippi Southern were the only Gulf States Conference players named to the All-American selection.

Scoring a total of 582 points last season for a game average of better than 21 points per game, McConathy set a new conference record in both total points per season and average number of points per game.

On the basis of his record for the season, he was the first choice of the Syracuse Nationals in the draft of college players for professional basketball.

When asked what he intended to do about it, McConathy replied with an emphatic: "Sure, I'm going to play with Syracuse."
